Prior art documents discussed:

Part II.
SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:

The examiner contacted Applicant to discuss the use of the term "comprising" in claim 1. The use of the term "comprising" allows for the addition of an organic solvent before the reaction is complete, therefore, the prior art, Hu et al., would read on the claim, making the claims not allowable. Mr. Szivos will contact his client to discuss the claim language and amendment to the claim to place the application in condition for allowance.

Part III.

- ☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.
☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.
